Clause 9: Open Access Publishing

- 9.1 Publisher will publish in Open Access any Qualifying Article submitted by an Eligible Author and accepted by Publisher for publication, for journals specified in Schedule C-c, at no direct costs to the author or the Institution, subject to such article being within the Publication Cap. Eligibility is checked during the acceptance process. The Publisher may, at its absolute discretion and at any time during the term of this Licence Agreement, agree to increase the Publication Cap.
- 9.2 Eligible Authors will be identified by Publisher.
- 9.3 Eligible Authors can be identified through at least one of the following parameters:
- A drop down list of the institutions;
 - Institutional e-mail domain;
 - affiliation as stated in the article to be published.

If the identification was not successful, Publisher will undertake a regular reconciliation process to subsequently identify Eligible Authors, which may involve contacting relevant library staff at the Institution.

- 9.4 The Publisher will clearly indicate the availability of this Agreement to Eligible Authors on acceptance of the article. This will make clear that Eligible Authors do not need to pay Article Processing Charges ("APC") for Open Access Articles.
- 9.5 Any Qualifying Article by an Eligible Author that has been published under a standard licence will be published in Open Access retroactively as from the start date of this Licence Agreement, for the journals specified in Schedule C-c.
- 9.6 Eligible Authors retain copyright to their publications and only grants to the Publisher non-exclusive rights to publish the article. All publications must be published under such Creative Commons license as decided by the Eligible Author. This list shall be provided both in machine readable form in a structured format as comma separated value file format (csv) and in human readable format and shall include the following details:
1. Name of the Submitting Author;
 2. E-mail address of Submitting Author;
 3. Institution name;
 4. Article title;
 5. Article DOI;

Schedule C**

- 9.17 The Institution acknowledges that, before an article by an Eligible Author will be accepted for publication:
- (i) Such article must be submitted, peer reviewed and accepted in accordance with the Open Access Workflow set out at Schedule C-d; and
 - (ii) The owner(s) of any copyright in such article must enter into the Publisher's standard open access publishing agreement, substantially in the form set out in Schedule C-e (dependent on the CC licence chosen by the author).
- 9.20 Nothing in this Licence Agreement shall oblige the Publisher to publish any article submitted to the Publisher by an Eligible Author or Institution. The Institution acknowledges that the selection or material via peer review to be published in an Open Access journal is entirely at the discretion of the Publisher and/or the editors of proprietors of the Open Access journal and the Institution waives any claim it may have against the Publisher in the event that the Publisher or its editors decline to publish any material (or part thereof) submitted by an Eligible Author or an Institution.

Clause 10: Text and Datamining

- 10.1 Publisher recognizes that TDM offers researchers a powerful tool which allows them to make connections between otherwise unrelated facts, and as a result inspire them to form new hypotheses and adopt new approaches. In order to accommodate this approach Publisher facilitates licensed TDM.
- 10.2 TDM can be executed by researchers whose host institutions subscribe to our journal content. Publisher mediates licensed TDM requests to ensure access-and-use is balanced with Publisher's duty to assure site security and service levels, and that the proposed TDM is for non-commercial purposes. (Open Access content published under a CC BY license may of course be reused for a commercial purpose, including commercialized TDM.)
- 10.3 Taylor & Francis is also participating in the Copyright Clearance Center's RightFind™ XML for Mining solution.

Publisher will use commercially reasonable efforts to ensure that any journal transfers are consistent with the Code of Practice of Project Transfer, for journals where the Institution holds or held an individual subscription.
- 11.5 For the avoidance of doubt, under this Agreement the license fee is payable for provision of Open Access, and not for access to the Licensed Material. Access to the Licensed Material is provided free of charge as a benefit of this Agreement. No perpetual access right is provided to the Licensed Material in case of termination of the Agreement, except where the Institution holds or held an individual subscription. Perpetual access rights are provided for these individual subscriptions only.

- 12.3 The Institutions shall provide all necessary cooperation to the Publisher in the case of an End-User breaching this Agreement. The Institution shall upon learning of any such breach, (i) take all necessary steps to assist the Publisher to identify the breaching End-User and take all available action against the End-User; and (ii) adopt all necessary measures in order to mitigate and remedy the breach of the End-User as far as possible.
- 12.4 In the event that the Institution does not provide assistance to the Publisher in accordance with clause 6.3 above in relation to a breach by an End-User, the Publisher may suspend that Institution's access to the Licensed Materials (e.g. by blocking an individual user's IP address). The Publisher shall inform the Institution of any suspension for this reason. Such suspension shall be for such time period as the Publisher deems appropriate, in their absolute discretion.
- 12.5 Neither the Institution or their End-Users may:
- (i) Remove or alter the authors' names or the Publisher's copyright notices or other means of identification or disclaimers as they appear in the Licensed Materials;
 - (ii) Systematically make print or electronic copies of multiple extracts of the Licensed Materials, including complete issues, for any purpose;
 - (iii) Mount or distribute any part of the Licensed Material on any electronic network, including without limitation the Internet and the World Wide Web, other than the secure network of the Institution; or
 - (iv) Systematically distribute the whole or any part of the Licensed Materials to anyone other than an End-User.

**Read & Publish Agreement
Schedule C**

- (ii) permit anyone other than an End-User to access or use the Licensed Material;
- (iii) publish, distribute or make available the Licensed Materials, works based on the Licensed Materials or works which combine them with any other material, other than as permitted in this Licence Agreement; or
- (iv) alter, abridge, adapt or modify the Licensed Materials to End-Users. For the avoidance of doubt, no alteration of the words or their order is permitted.

Clause 13: Notice of Default

13.1 Should the Institution, as evidenced by a statement in this regard by SURF, fail to comply in good time with the payment obligation pursuant to Clause 6.1 of the Agreement, the Institution shall be deemed to be in breach of this Agreement;

13.2 A breach such as referred to in Clause 13.1 or a situation in which the Institution fails to comply with, fails to comply with completely, or fails to comply properly with any other obligation arising from this Agreement, or acts contrary to such obligation, shall be classed as a material breach for the purpose of clause 16 and shall entitle Publisher – after Publisher has notified the Institution in writing of the breach, setting a reasonable term for compliance with the relevant obligation – to consider the Agreement to have been dissolved, without any further warning being required;

Clause 14: Privacy

14.1 Institutions are responsible for the processing of personal data in compliance with applicable Data Protection Law.

14.2 The Parties Agree that the Publisher may process Institution Data for the purposes of providing the Institution and its End-Users with the Services in accordance with this Agreement. Such Institution Data shall include organisation name and author email address, both supplied by the author at submission. The Publisher is required to process the Institution Data in accordance with the provisions of applicable Data Protection Law.

14.3 The Publisher shall not, and shall not seek to, collect Personal Data in relation to any End-User other than as is reasonably and properly required for the administration of the Licence Agreement and shall fully comply with its obligations under the applicable data protection laws in relation to the collection, use and retention, and any other processing of any such Personal Data.

14.4 For the purposes of this Agreement, the Parties agree that the Publisher shall be a data processor and therefore the Publisher will only process the Institution Data:

14.5 at the behest of and in accordance with the instructions of SURF or the Institution;

14.6 as necessary to perform its obligations under the provisions of this Agreement and the Read & Publish Agreement; or

14.7 as required by any law applicable to it (provided that the Publisher first informs the Institution of that legal requirement before processing, unless that law prohibits this on important grounds of public interest).

14.8 Publisher may not use the Institution Data for its own purposes outside of this Agreement or the Read & Publish Agreement.

**Read & Publish Agreement
Schedule C**

- 14.9 Publisher will not allow access third parties to the Institution Data without the consent of SURF or the Institution except pursuant to the following general authorisation. SURF and the Institution grant the Publisher a general authorization to engage Sub-processors as necessary to perform the services under this Agreement, provided: (i) the Publisher has notified the Institution in advance of the name of the Sub-processor and details of the particular services being sub-contracted to it; and (ii) the Institution shall have the right to object to any new Sub-processor within seven (7) days after the date of such notification. The Publisher will conduct appropriate due diligence in respect of the Sub-processor's data privacy and security practices and procedures and shall enter into a written agreement with each Sub-processor containing obligations which are equivalent to those set out in this clause.
- 14.10 The Publisher will not transfer any Institution Data outside the UK except to the European Economic Area or as described in the Publisher's Privacy Policy currently available at <http://taylorandfrancis.com/customer-privacy> and otherwise with the express prior written consent of the Institution.
- 14.11 The Institution warrants and represents that it has collected all necessary consents from data subjects for the provision of the Institution Data to the Publisher and for the Institution Data to be processed by the Publisher. The Institution shall, immediately on demand, fully indemnify the Publisher and keep the Publisher fully and effectively indemnified against all costs, claims, demands, expenses (including legal costs and disbursements on a full indemnity basis), losses (including indirect losses, loss or corruption of data, loss of reputation, goodwill and profits), actions, proceedings and liabilities of whatever nature arising from or incurred by the Publisher or its affiliates in connection with any breach by the Institution of this sub-clause. Any limitation of liability and exclusion of loss provisions in this Agreement shall not apply to this indemnity.
- 14.12 Publisher will cooperate fully with the Institution to (i) enable parties concerned within the intention of the Data Protection Law to inspect their personal data; (ii) to enable such parties to have personal data deleted or corrected; and/or (iii) to demonstrate to such parties that personal data has been deleted or corrected if it is incorrect or, if the Institution disputes the position adopted by the party concerned, to record that the party concerned considers his/her personal data to be incorrect.

Clause 15: Security

- 15.1 The Licensed material will be provided from Publisher's own location. Publisher is obliged to properly equip said location (or cause it to be equipped) for the provision of the Licensed Material on the basis of the Read & Publish Agreement and/or this Agreement.
- 15.2 Publisher will take appropriate technical and organisational security measures in order to protect the Institution Data from being lost and from any type of unlawful processing. Taking account of the state of technology and the cost of implementing them, these measures will provide an appropriate level of security in view of the risks associated with such processing and the nature of the data being protected.
- 15.3 Publisher will immediately notify SURF and the Institution regarding any security-related incidents and their potential impact on the processing of Institution Data.
- 15.4 Publisher will only engage subcontractors with which it has concluded a written agreement comprising secrecy and security obligations in accordance with the obligations of this Agreement.
- 15.5 If an authority requests Publisher to provide Institution Data, Publisher will notify SURF and the Institution to that effect and will enable SURF and/or the Institution to assert its rights. Publisher will limit access to the extent possible.

**Read & Publish Agreement
Schedule C**

Clause 16: Termination or Dissolution

- 16.1 The Publisher acknowledge that the ability of the Institution to participate in this Licence Agreement is subject to and contingent upon the availability of funds. In the event the Institution is unable to participate due to budgetary funding having been cut by 20% or more, participation in this Licence Agreement may terminate at the start of an anniversary calendar year (e.g. January 1) provided the Publisher receives notification in writing sixty (60) days prior to the start of the said anniversary calendar year.
- 16.2 Premature termination of the Licence Agreement by either Party shall be possible – with immediate effect, without judicial intervention, and without any obligation to pay damages – in the following circumstances:
- the other Party breaches a material term of this Agreement which breach is irremediable or (if such breach is remediable) fails to remedy that breach within a period of 30 days after being notified in writing to do so;
 - submission of an application for a suspension of payments by either Party;
 - insolvency of either Party.
- 16.3 Obligations which by their nature are intended to continue after the termination or dissolution of the Licence Agreement will continue after such dissolution.

Clause 17: Scope of Agreement

- 17.1 The provisions and conditions contained in the Agreement and the associated Appendices shall specify the entire agreement between the Parties and shall set aside all previous agreements, whether oral or written, made between the Parties.
- 17.2 Amendments to the Agreement and/or to the Appendices associated with the Agreement and/or additions thereto shall only become legally effective and binding for the Parties when they have been agreed between the Parties in the form of a schedule to be attached to the Agreement, either in writing or electronically.

Clause 18: Supplementary Provisions

- 18.1 This Agreement and any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with it or its subject matter or formation shall be governed by and construed in accordance with the law of England and Wales.
- 18.2 Any dispute regarding the creation, interpretation, or implementation of the Agreement, whether legal or factual, shall be submitted for adjudication exclusively to the court in Utrecht, The Netherlands that is competent according to the normal rules of competency.
- 18.3 A dispute shall be deemed to exist if one of the Parties notifies the other Party to that effect by registered mail.
